GERMANS ATTEMPT TO RENEW BATTLE

Invaders Expect to Cross in Boats From Bruges and Vicinity.

A DESPERATE CLASH.

Territory in Which Struggle is in Progress Littered With Dead and Wounded of Both Armies.

Paris, Nov. 6—The Germans are attempting to renew the battle of the Yser.

Reports from Belgian sources say that the enemy have requisitioned a large quantity of boats from Bruges and that neighborhood and are expected to attempt to cross the deepest part of the waste of water covering the north country.

Artillery is being moved into position to frustrate this attempt.

Ignorance of the exact openings of the dykes caused the Belgians unintentionally to violate the military principle of inundation as a means of safety. The strategic plan provides for a depth which will make it impossible to move artillery and yet not deep enough to use boats. The Belgians. apparently have turned too much water into the Yser territory and the Germans will endeavor to benefit thereby. Meanwhile, the fighting in that section has settled down into an artillery duel in which the Germans have the better of it because of the weight of their artillery.

On the other portion of the line the fighting continues unchecked. In the vicinity of Ypres the fighting is of the most desperate character. Both sides are being constantly re-enforced there and the fighting swings backward and forward across a ten-mile stretch of territory which is simply littered with dead and wounded of both armies.

The fighting between Lille and Armitieres and in the vicinity of Arras is also warmly contested. The allied lines here are declared to be holding firm in the face of all assaults.

The German attacked in force in the Argonnes last night and gained an early advantage which they were later forced to reliquish by a determined French bayonet charge.

SET TRAP FOR GERMANS

Britons In Belgium Repeating Bannockburn Ruse, Slaughter Enemy In Pits.

London, Nov. 6.—The correspondent of the Chronicle in Northern France states that the Bannockburn ruse has been repeated successfully by the British in the battle of the Yser. He says:

"About 25 yards in front of our trenches deep pits were dug. These were covered with branches and loose turf, as at Bannockburn, and into these the Germans fell in heaps, calling out pitiably when, too late, they discovered the stategem.

"Our troops watched their destruction with a grim sang froid and continued to bring down as many as possible before they reached the pits, so that they would not be too quickly chocked.

"Although the Germans more than filled the pits others came on in greater numbers and the pits soon became a scene of appalling horror. The Germans struggled, cried and fought one another in their vain attempts to extricate themselves. Many were accidently transfixed by the bayonets of those who had first fallen, while others were shot by comrades. A shell fell into one pit and the huddled mass within was blown out of existance.

NEWS OF THE DAY

Major General Robert G. Kekewich, retired, who defended Kimberley for 126 days against the Boer armies, was found dead in his bedroom in London yesterday from a self-inflicted gunshot wound in the head.

The Amsterdam Telegraf reports the Germans are preparing to leave Antwerp. It asserts that numerous trains are leaving with German baggage and that all patients have been removed from the hospital.

Announcement was made yesterday at Cape Town, South Africa, that many of the Boer rebels were deserting and that General Beyers, General de Wet, and Col. Maritz had applied for an armistice to arrange for terms of surrender, and this request had been granted. Some of the Boer forces have refused to yield and are conducting guerrila warfare, but adequate forces have been sent against these, and a complete collapse of the revolt is expected by government officials.

The correspondent of the Excelsior at Havre says he has from a source which he cannot designate, news of the death of General von Kluck ten days ago in a hospital at Namur, where he was treated for a wound in the head. The news of the alleged death, the correspondent says, has been carefully concealed in Belgium and Germany.

Dr. Henry Gannett, B. S., M. E., LL. D., president of the National Geographic Society, geographer of the Geological Survey, chairman of the United States Geographic Board, and one of the foremost scientists of the nation, died yesterday in Washington of Bright's disease.

Mrs. Florence McGowan was acquitted in the Circuit Court of Pensacola, Fla., last night on the charge of having murdered J. Leroy Brown. The judge's instructions to the jury held that the defendant was shown by the evidence to have committed murder. The "unwritten law" was the chief defense. Mrs. McGowan shot and killed Brown about two months ago in the courtroom in which her trial was held. The motive was that Brown had wronged Mrs. McGowan's daughter, who is 15 years old. Brown was 21.

Two men entered the jewelry store of Max Ernest in New York yesterday afternoon and with a flourish of revolvers ordered him to throw up his hands. Ernest ran to a cash drawer, got his own pistol and opened fire. In the duel that ensued he was wounded in the arm. Outside a crowd that had heard the shots caught one of the fleeing robbers. The other leaped to a seat beside the driver of a butcher's wagon and, pressing his pistol to the man's head, ordered him to drive fast. Two blocks away, the pursuing crowd caught up and dragged the highwayman down.

Three New York women who submitted themselves to the "twilight slumber" treatment in childbirth have gone insane during the last two months. It is alleged that the delirium they showed was unquestionably due to the drugs used in this treatment.

Aviator Busk, of the aircraft staff, was burned to death in midair, yesterday, at Aldershot, England, when a biplane which he was testing caught fire. While about 1,000 feet above the ground, the biplane suddenly burst into flames. Busk tried to descend by gliding. He continued this for nearly a mile, the air craft meanwhile blazing furiously. The aviator was burned to death before the machine struck the ground.

Developments o fthe past 48 hours indicate that Germany's unlocated wireless station in America is somewhere near Bar Harbor, Maine. These developments bear out the contention of British and French Ambassadors that such a plant existed. Assertions also are made that a leading New York newspaper has benefited by the plant, and in turn has been given inside information from the German side of the battle line.

Hilary Belloc, the famous war expert in this week's "Land and Water" of London estimates that the Germans losses up to date amount to about 1,750,000 men.

RUSSIA'S SUDDEN ATTACK ON TURKS

Sultan's Army Demoralized as Council's Stragetic Plans Fail.

PORTE ON DEFENSIVE

Bombardment of Forts of Darnanelles Continued by Anglo-French Fleet at Long Range.

Aehens, Nov. 6.—Constantinople advices declare that the Turkish army is partly demoralized by the suddenness of the Russian attack, which disarranged all of the army council's strategic plans.

The Turks had expected that the Russians would be caught short of troops in Caucasia, and had prepared several columns with which to strike. Instead, however, the Russians, without waiting for any formal exchange of declarations of war, threw four flying columns across the border into Armenia.

Today the strongest of these, after decisevly defeating the Turkish border guard, is pushing rapidly forward toward Erzerum. A second column, which took Fort Bayazet after three hours of fighting, is also moving into the interior.

The Turks, reduced to the necessity of fighting a defensive campaign, are now reorganizing their line and are diverting troops originally intended for operations against the British in Egypt toward Armenia. The Turkish army, concentrated at Karakillisse, Giacin, and Arsab, has moved back from those positions to others, the location of which is not revealed.

The bombardment of the Dardanelles forts by the Anglo-French fleet along range continues.

While one small magazine is under stood to have been exploded, the damage up to the present time has not been great. The Turks are reserving their fire, and have responded with only a few shots.

ANNEX CYPRUS ISLAND

Great Britian Takes a Former Turkish Possession.

London, Nov. 6—Great Britain yesterday annexed the island of Cyprus, in the Mediterranean, which nominally formed a part of the Turkish empire.

The defensive alliance between Great Britain and Turkey having become annulled by the outbreal: of war the British government decided that it was necessary to appropriate the island in order that proper provision might be made for its government and for its protection.

The island since the Anglo-Turkish convention of 1878, had been occupied and administered by Great Britain though it had remained under the suzerainty of the Sultan.

STRIKERS BLAMED FOR FIRE.

Factory Had Received Warning to Stop Glove Cutters.

Gloversville, N. Y., Nov. 6.—The Van Wiegan-Chase glove factory in this city was destroyed yesterday by fire, which the police and owners believe was of incendiary origin.

A few days ago the firm received an unsigned letter saying: "Cut no more gloves until the strike is settled."

The cutters in the shop had been working during the strike now in progress here. The loss was about $15,000.

LUNATIC STILL AT LARGE.

Alleged Slayer of Mrs. Rheil Once Harassed Wilson.

New Brunswick, N. P., Nov. 6.—Richard Von Krebs, the escaped lunatic, who was hunted by posses in the woods near here Wednesday night as the assailant of Mrs. Mary Rheil, who was shot and killed, and her husband, Henry, who was mortally wounded, was still at large yesterday. The hunt was called off as it is believed he fled the state.

The police, going back over Van Kreb's record, said that one of their first experiences with him was in 1911, when he tried to approach Woodrow Wilson, who was addressing a political meeting here. This was when Mr. Wilson was governor of New Jersey. Von Krebs nearly broke up the meeting, the police said, and was ejected. He said, afterward, according to the police, that he wanted to get to the platform to ask Mr. Wilson a few questions.

Von Krebs and his wife had taken to court their dispute over the ownership of the farm which was rented to Rheil. On Wednesday afternoon Von Krebs visited the farm. Not long afterward Mrs. Rheil was found, shot to death, and her husband badly wounded.

TRAIN MAIMS STUDENTS.

Express Runs Down Party of 75 Yale Men Near New Haven.

New Haven, Conn., Nov. 6—Robert Theobold of Toledo, a Yale sophomore, and Kirk Bryan, instructor in geology and assistant in the Peabody Museum at Yale, were hurt when the Knickerbocker Limited, running between New York and Boston, ran through a party of 75 Yale students who were standing on the railroad tracks north of East Haven yesterday afternoon. The students were members of a geological excursion from the University which was spending the afternoon exploring rock formations north of New Haven.

The train was running at 55 miles an hour from the party. Several students called to the companions to warn them, but Theobold was not warned in time. A beam over the steam chest on the locomotive struck his left forearm, breaking it, turning him halfway around and throwing him to the ground. As he fell a second beam struck fracturing his right leg. Bryan was struck and thrown heavily to the ground and may have internal injuries.

FLAMES SWEEP MOUNTAINS.

Hunters Held Responsible for Forest Fires—1000 Men Fight.

Carlisle, Pa., Nov. 6—The devastating forest fires in the mountains of the north and south of the Cumberland Valley at this point are increasing in intensity, and is estimated that 1000 men are fighting the flames to save large timbered tracts and neighboring villages. Thousands of acres between Dillsburg, York county, and Boiling Springs, southeast of Carlisle in Cumberland county have been swept. Toward evening yesterday, on the North Mountains a circle of flames had approached within three-quarters of a mile of the Big Doubling Gap Springs Summer Hotel, whose proprietor, Mrs. George A. Freyer, formerly of Philadelphia, is directing a large force of men in the protection of the estate.

Severe criticism has been launched at hunters, who have invaded the Cumberland Valley to the number of many thousand and who are held responsible for the mountain fires through carelessness in the use of matches and smoking materials.

Blairstown, N. J., Nov. 6—The great fire raging in the mountains of Sussex and Warren counties in the vicinity of the Delaware Water Gap took a fresh start yesterday morning and is again sweeping through the woodlands with a fury, that threatens untold destruction. It was thought to have been under complete control last night, after 400 men had fought for many hours to check it, but as soon as they quit it seemed to break out again in new places.

The suspicion is now strong that the devastating blaze was the work of incendiaries, and demand for a thorough investigation is being made

GERMANS RETREAT IN EAST PRUSSIA

Petrograd Dispatches Say Their Withdrawal was Precipitous.

NUMBERS SURENDER.

Cold Weather Said to Have Demoralized Austrian and Prussian Armies —Are Being Harrassed.

Petrograd Nov. 6— The war office claims that the Germans are retreating precipitously into East Prussia with the Russian armies harassing them at every point. The cold weather has apparently demoralized the Germans and many of them are reported surrendering without a fight. At several points the Russians already have penetrated the Prussian border and some of the reports indicate that the German left wing has been isolated from the main body of the troops.

Military experts here declare that the Germans cannot hope to hold East Prussia and they are expected eventually to withdraw from there entirely, concentrating on their secondary defense line of forts.

In Galicia it is announced that the Austrians continue to retreat. Heavy Russian columns have already crossed the San river and are pressing the Austrians far back in the general direction of Crowcow.

The Russian invasion of Turkey continues in force and in every encounter to date the Turks have been beaten.

CECILIE SAILS TODAY

U. S. Destroyers Escort German Vessel To Boston.

Bar Harbor, Main, Nov. 6—The steamer Kronprizessin Cecilie, of the North German Lloyd Line, which has been interned here for three months left at an early hour this morning for Boston, where she will remain pending the determination of civil suits against her owners in the Federal court. The early hour of the start was arranged in order that most of the trip of 200 miles along the coast might be made in daylight. She will probably cover the distance in 12 hours. The ship left the harbor with guarantees from the representatives of the allied powers at war with Germany that she will not be molested.

Two destroyers of the United States Navy, the Terry and Lamson, will act as convey for the German steamer, and Lieutenant Kilpatrick of the navy has been ordered by Washington to superintend her navagation keeping her as far as possible within the three mile limit.

The Kronprinzessin Cecilie came into this port on August 4 after she had gone more than half way across the Atlantic on a voyage from New York. On account of the opening of hostilities her officers turned her about and made a run for a neutral port. She carried many passengers and a valuable cargo of gold. It was the failure to deliver the latter at its destination that led to the libeling of the ship in civil suits in the Federal courts.

WAR ON THE SEA.

German Cruiser Strikes a Mine and Another Put out of Action.

London, Nov. 6—The Times prints a report that the German cruiser Koenigsberg has been put out of action in the Indian Ocean. No details are given as to the British ships or ships that put the Koenigsberg out of action, and there is no official confirmation of the report. The Koenigsberg is a protected cruiser and was laid down in 1905. She is of 3248 tons is 354 feet long and has a speed of 23 1-2 knots Her main battery consists of ten 4.1-inch guns.

So far as is known the sole success [illegible] was the sinking of the Kilerman liner City of Winchester off Socotra, near the entrance to the Gulf of Aden August 6 and the disablement of the British cruiser Pegasus in Zanzibar harbor September 20.

The Pegasus at the time, according to the official admiralty report, was caught at a disadvantage, as she was undergoing repairs. Twenty-five members of her crew were killed and 80 wounded.

The news is confirmed that the German cruiser Yorck has been sunk by a mine in Jade Bay an inlet of the North Sea off the mouth of the River Weser, on the west coast of Germany. She was a vessel of 9050 tons, with a complement of 557 men, of whom 382 were reported saved. A thick fog hampered the work of rescue. The mine which sank the Yorck was one of a chain of German-planted defenses blocking the entrance to Jade Bay.

The German sailing ship Melpomone, which sailed from Tocopilla, Chile, July 8, laden with nitrates, was towed into Queenstown today by a British cruiser which had captured her. Captain Ingelman said neither he nor his crew had heard that a war was in progress.

The British mine sweeper Mary was sunk by a mine in the North Sea today. Six of the crew of 14 were rescued. The survivors, who were landed at Lowestoft, reported heavy gun firing off the Yorkshire coast this ernoon.

RECENT BATTLE IN THE PACIFIC

British Subjects in Peru Do Not Credit German Statements.

BATTLE IS IMMINENT.

The Good Hope, Reported to Have Been Set on Fire by Teuton Ships, Was Not in the Fight.

Lima Peru Nov. 6—British subjects and officials here declare that they are far from satisfied with the German reports of successes in the battle of Sunday night off the Chilean coast.

They state they have received information that the Good Hope, reported to have been set on fire by the German guns, did not participate in the fight at all.

They also claim good reasons to believe that the German light cruiser Bremen and Leipsig may have been sunk in the fight.

It is considered certain here that a battle between the Germans and a combined British Japanese squadron can be expected soon.

It is known that such a squadron is searching for Germans who steamed northward after leaving Valparaiso but who have not since been reported by merchant vessels.

MURDER IS SUSPECTED.

Bloody Stone Near Place James B. Tate Was Found.

Hyattsville, Md., Nov. 6—At the inquest held Wednesday night by coroner Robert [illegible] at Mount [illegible] of James B. Tate, 26 years old, of Hyattsville, who was picked up unconscious on the railway tracks near Hyattsville Friday, Deputy Sheriff Thomas H. Garrison exhibited a sharp pointed flint rock besmeared with blood, which he declared, he found about 30 feet from where Tate was found.

Tate came out from Washington on a late car Thursday night and, after passing the District line, offered the conductor a car ticket instead of cash. The ticket was refused and Tate got off the car at Brentwood and walked in the direction of Hyattsville. All of the motormen operating cars between Brentwood and the bridge from the time Tate alighted from the car until he was found were examined and all swore that they saw no one on the track.

The authorities are satisfied that Tate was not hit by a car and suspect foul play. Deputy Sheriff Garrison is making an investigation of the affair. He is trying to find out the names of several negroes who were seen in the vicinity 15 or 20 minutes before Tate was discovered. Tate had a deep cut near the left eye. He died shortly after reaching a Washington hospital never regaining consciousness. The jury returned a verdict that Tate came to his death by causes unknown.

SLAIN BY FALLING GUN.

Deer Hunter's Weapon Jarred From Car is Discharged.

Mount Holly, N. J., Nov. 6.—John O'Leary, of Vincetown, one of the best known farmers in Burlington county, was killed by a load of buckshot from his own gun while in his automobile on a deer hunt yesterday. He had been in the woods around Pasadena a greater part of the week, but returned home Wednesday night to attend to some business. Yesterday mrning he started out for another day. While on the road to Cedar Bridge he met a party of gunners and turned out to permit them to pass. His automobile was jolted in getting back into the roadway, one door flew open and the gun slid out, striking the trigger and causing the load to discharge.

The gunners ran back and found O'Leary terribly wounded, a large hole bored in his side. He lived about 10 minutes.

SCHOOL BOARD MEETING

Old Officers Re-elected Unanimous Votes to Serve During Ensuing Year.

Chairman Bradshaw presided at the regular monthly meeting of the City School Board last night. There were also present Messrs. Kirk, Myers, Cox, Carter, Thompson Ervin and Howard, and City Superintendent Sweeney.

Mr. Kirk, of the committee on janitors, announced that they had appointed J. W. Brown, janitor of Washington School in place of Cornelius Griffin, deceased, and that everything was proceeding satisfactorily to the committee. Mr. Kirk also suggested that the pay of the janitor of Washington school should be $50 a month, the same as that paid the janitor of Lee school. He further stated that there was more work in connection with the boys' building than of the girls.

On motion the report of the committee was adopted and Janitor Brown will in future receive $50 a month.

At the suggestion of Superintendent Sweeney it was ordered that the schools be closed on Thursday, November 26, Thanksiving Day, and on Friday, the 27th.

The superintendent reported that he had placed five schools in the Peabody Building—the boys occupying the third floor and the girls the first and second stories.

The Play Ground Association asked that the board allow the members the use of the grounds of Lee school after school hours, and their request was granted.

P. M. Bradshaw, the present chairman, was re-elected by a unanimous vote, as were also Vice Chairman Howard and Clerk Kirk.

After the disposition of some routine business the board adjourned.

REOPEN PITTSBURGH MILLS.

Steel Plants And Furnaces to Get Busy—Some of Their Orders Are From Abroad.

Pittsburgh, Nov. 6.—With the uncertainty and stagnation which always precede elections swept away, steel mills, blast furnaces and manufacturing plants in this district, employing over 20,000 men are preparing to resume either full or partial operations within the next 10 days. In several instances, employees of these concerns were notified yesterday that they would shortly be needed in their old places or that they would go on full time next week.

HIS FIRST AUTO FATAL.

Skull of Backwoods Man Who Had Never Seen One, Fractured.

Pottsville, Pa., Nov. 6—After an automobile driven by John Crowe, had turned out for two pedestrians on the route from St. Clair to Port Carbon it ran down Charles Cavelo, aged 45 and fatally injured him. Cavelo first jumped out of the way and then bewildered, stepped back into the danger zone. He sustained a fractured skull and other vital injuries. His clothing was torn to shreds.

Friends of Cavelo say that he is a backwoodsman, and this was the first automobile he ever saw, having located in this section but a few days ago.

TRAIN HITS SCHOOL WAGON

Eight Pupils and Driver Hurt in Crossing Crash.

Hightown, N. J. Nov. 6—The public school wagon, used for transportation of pupils from Perrineville and vicinity, was struck by a passenger train yesterday morning and nearly all of the nine occupants were injured. Some of them were thrown out and others jumped when the wagon was pushed from the crossing by the cars. The train was slowly backing, and the driver of the wagon did not see it in time to clear the track, although he whipped up the horses, and luckily only the extreme rear of the vehicle was struck. It is alleged that the flagman at the crossing did not give the signal.

There were eight pupils and the driver John W. Clark, in the wagon at the time.

The north wall of the Hotel Fleischmann building owned by the Eagles Lodge, is being torn out and will be replaced by a new wall.

EXPANSION OF RICHMOND.

Annexation Effective Noon Yesterday Adds Sixteen Square Miles to Corporate Area.

Richmond, Va. Nov. 6—Upon the stroke of noon yesterday Richmond automatically annexed approximately sixteen square miles of new territory more than doubling its present area, take over taxable values amounting to $11,720,750 and add between 18,000 and 20,000 to its population. There were no ringing of bells no formal ceremony to stress the success of a campaign for a larger Richmond begun more than two years ago. Mayor Ainslie took over the reins of government of a city more than double its size without knowing or feeling the added burden; the Police Department will automatically extends its patrolling sphere, and the Fire and Health Boards will cope with the situation as best they can, having no immediate funds with which they can begin the large work prepared for them.

Though it will lose nearly $10,000 000 in taxable values, Henrico County will still have about $14,000 000 in taxable values remaining, and will be the fifth largest county in the State. But when Mayor Ainslie extended the reins of authority into the greater bounds, four other Mayors and a like number of councilmanic bodies retired.

The towns which will become a part of Greater Richmond are: Ginter Park, Highland Park' North Richmond and Barton Heights,. Swansboro and Woodland Heights are not incorporated.

R. & H. RAILWAY SOLD.

Goes to Virginia Railway and Power Co. for $700,000.

Richmond, Va., Nov. 6—Only one bid was made for the property and franchises of the Richmond & Henrico Railway, operating a single-line street-car system from Fulton to the north end of the city, which was sold at trustee's sale under court orders yesterday. The property was bid in by E. Randolph Williams and associates, representing the Virginia Railway & Power Co.. for $700,000. Mr. Williams gave a certified check for $40,000 and then made to bid. The property was sold to satisfy a deed of trust held by the Union Trust Company, of Toronto, Canada, underwriters for a $1,250,000 bond issue executed by the company in 1910 to finance the construction of its lines.

$8,500 PAID BY GAMBLERS

Jamestown Jockey Club Bookmakers Lose at Every Step.

Richmond, Va., Nov. 6—The Supreme Court of Appeals yesterday passed on another of the famous Norfolk county race track gambling cases, the case being that of Snell against the Commonwealth. Snell was the accomplice and assistant of Cobe, who was on Wednesday refused an appeal from a verdict of six months in jail and a fine of $500.

The case of Snell was identical with that of Cobe, the verdict being the same. The decision of the court yesterday is the same as that in the Cobe case—a refusal to interfere in the verdict of the court below.

The State of Virginia is just $8,500 ahead of the race track gamblers by reason of completion of the cases. Eleven of the gamblers paid their fines of $500 and another was drowned before the case was decided in courts.

Cobe and Snell were out on $1,500 bail each for their appearance after noting an appeal. This will be forfeited to the State, making $3,000 to be added to the $5,500 paid by eleven others. They are not expected to return to serve their time in jail and if they are caught in Virginia after this time they will be arrested, though their bail is forfeited, and will have to serve the six months in jail.

BODY FOUND IN BUSHES.

Death of Richmond Man Clothed in Mystery.

Richmond, Nov. 6.—The body of Walter B. Peebles, forty-one years old, of 1409 West Main Street, was found at 4 o'clock yesterday afternoon in a clump of bushes not far from Stop 23, on the Seven Pines car line. Since Monday afternoon his friends and relatives had been searching for him.

Children playing about the car line yesterday near Stop 23 found a man's hat. Pinned inside the hat was a card, across which was written, "You'll find my body across the road."

The body was later discovered. Tightly bound about the dead man's neck was a handkerchief and necktie, and those who saw the body last night thought death was caused by strangulation. There was no evidence however, to indicate that the man had hanged himself, as there were no trees near at hand large enough to support the weight of an average man.

The authorities were told last night that Mr. Peebles always carried with him a handsome watch and chain. A chain was found on the body, but no watch. Papers sufficient to identify him were found in the dead man's pockets, but with the exception of the watch chain, nothing else of value was found.

Mr. Peebles leaves a young wife and two small daughters. He had been in poor health for a long time prior to his disappearance on Monday.

CLAMOR FOR THE CONSTELLATION.

The Commissioners of the District of Columbia have sent a letter to Secretary Daniels, of the Navy Department, urging that the old frigate Constellation, which was restored for exhibition at Baltimore during the Star-Spangled Centennial, be retained permanently at the Washington Navy Yard as a relic of the old navy for the benefit of tourists to the national capital.

Secretary Daniels is not expected to grant the request of the District commissioners, as he had already previously indicated that the Constellation would be sent back to Newport, R. I., to be used as a station ship and receiving vessel. The residents of Newport and Providence are bitterly opposed to the removal of the Constellation from Newport and have the support of practically all the New England senators and members of Congress.

Baltimore is loth to give up the Constellation, and people of that city are urging many reasons why they think the old ship should be kept at the Monumental City from which port she was recently removed to Washington. They call attention to the fact that the vessel was built at Baltimore and was restored in order to participate in the Star--Spangled Banner festivities.

We hope Secretary Daniels will heed the claims of the District Commissioners and that the Constellation will be kept at the capital city where she has been visited by thousands during the few days she has been at the navy yard. Many persons from Alexandria have made special trips to inspect this relic of the early days of the republic.

Since the close of the civil war but few of the larger vessels of the United States have entered the Potomac. It is seldom a ship which attract interest ever gets as high up as the Washington navy yard, although the government has spent large sums of money in recent years to make a deep channel through the Kettle Bottoms. Apart from some lighthouse tenders or government tugboats but few naval vessels are seen at the Washington yard.

The Constellation is an interesting vessel, and the thousands who visit the capital city would rejoice in the opportunity of viewing a ship which figured in the early struggles of the United States to maintain its independence. It would seem that some other vessels of less historic interest could be selected as a receiving ship for New England ports, and the Constellation be allowed to remain where she is moored.

The capital of the United States is a sorry port at best when compared with those of other countries and we have failed to understand why the government refuses to do any thing towards bringing about better conditions.

IN MEMORIAM.

In loving remembrance of our dear Son, CHARLES W. NOWLAND, who died one year ago today, November 6, 1913.

Out in Bethel sweetly sleeping,
Where the trees their branches wave,
Lies my dear and loving Charlie
In his cold and silent grave.

The debt of my sorrow no tongue can tell
At the loss of one I loved so well,
And while he lies in peaceful sleep,
His memory I shall always keep.

By His Loving Family.

IN MEMORIAM.

In loving remembrance of our dear wife and mother, GERTRUDE V. L. CRAVEN, who left us seven years ago today, November 6th, 1907.

What is heme without a mother,
What are all the joys we meet,
When her loving smile no longer
Greets the coming of our feet.

The day seems long, the nights are drear,
But times rolls slowly on,
And oh how few are children pleasures,
When her gentle care is gone.

We miss her kind and willing hands,
Her fond and earnest care,
And oh how dark is life around us
What is home without her there.

Things we prize are first to vanquish
Heart we love to pass away,
But a mother lost in childhood
Grieves the heart from day to day.

By Her Husband And Children.

PAYNE IS AFTER THE MOB

Fairfax Constable Secures Names and Will Bring Parties Before U. S. Court.

Constable A. J. Payne, whose house, on a government reservation, was surrounded by a mob a few nights ago, is not disposed to allow the matter to drop, although Judge Barley, of the Corporation Court of this city, liberated him this week when he was brought before him on a writ of habeas corpus.

Payne had been arrested in this city, at the instance of the Fairfax authorities, on the charge of removing a cord of wood unlawfully from the land of John West and J. N. Gibbs. He was later brought before Justice Troth and held for the action of the grand jury. He was allowed to go out of court for the purpose, it was supposed, of procuring bond, but failing to reappear, Deputy Sheriff Dove went after him, accompanied by a number of persons who were in the court room at the time of the trial. Payne barricaded himself in the house, which was on a government reservation, and refused to come out. He was armed, and no one attempted to force the door. Payne alleges that the besiegers started a fire upon the reservation. He is therefore determined to make the invaders pay the penalties for such an overt act, and having secured the names of nine of the alleged offenders, he will swear out warrants before the United States Court for their arest.

A MERCILESS JUDGE.

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from an Alexandria resident has withstood this sternest of all tests.

Mrs. C. V. Gardner, 1211 Duke street, Alexandria, says: "I had not Doan's Kidney Pills and didn't really really know what was the matter, but I got real bad with weakness and lameness through my back. For a few days I couldn't do my housework. I had to lie down most of the time and it was the same when I went to bed at night I finally got a box of Doan's Kidney Pills at Leadbeater & Son's drug store and they cured me. The cure they made some years ago has been permanent and I haven't needed anything for my kidneys since."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gardner had. Foster-Milburn Co., Props., Buffalo, N. Y.

NATIONAL COTTON LOAN.

Virginia Subscribes More Than a Million Dollars.

Richmond, Va. Nov 6—Virginia has subscribed more than the $1,000,000, alloted to her to raise toward the national cotton loan, the total last night being $1,101,500. Petersburg readily raised $100,000 today, and Norfolk came forward with more than the $200,000 asked from that city, while it is probable that $50,000 more will be subscribed in Richmond, where considerably more than $600,000 was raised.

Winchester subscribed $10,000; Charlottesville, $5,000; Roanoke, $25,000; Lynchburg, $100,000 Newport News, $5,000; Four banks controlled by B. E. Vaughan, at Lexington Staunton and Buena Vista subscribed $6,500. The national loan will total $135,000,000, and it will be administered by the Federal Reserve Board for the benefit of the cotton raisors of the South.

TUBERCULOSIS

In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alterative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.

Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa. for booklet telling of recoveries.

SAM BERNARD
popular musical comedy star

"A tin of Tuxedo is my constant companion. I like it especially because it has never given me a bit of throat trouble. The smoothest smoke ever."

Sam Bernard

RICHARD CARLE
Star of "Mary's Lamb," "The Spring Chicken," etc.

"Tuxedo is my idea of what a good, wholesome smoke should be. I'm for it—always."

Richard Carle

CLIFTON CRAWFORD
well-known comedian, of "Quaker Girl" fame

"Tuxedo is my co-star. I attribute a good deal of my success to it, because it makes my nerves behave. And as for voice culture! Try Tuxedo."

Clifton Crawford

Tuxedo—the Most Enjoyable and the Most Healthful Smoke

THE most enjoyable smoke is a pipe. But many men deny themselves this pleasure because they have had unhappy experiences with pipe tobaccos.

Likely you have paid 35 cents to 50 cents for a tin of "fancy mixture," and it burned your mouth or throat, or was unpleasantly strong.

Too bad—but you got the wrong tobacco. The hundreds of thousands of men who have tried

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

have found the answer to their smoke problems. Tuxedo is the *mildest* tobacco made. It cannot bite the tongue or dry the throat.

And it's economical. There are *40* pipefuls in a ten-cent tin. You can't get any better tobacco because nothing better grows than the mellow, perfectly aged Burley leaf used in Tuxedo.

If you try Tuxedo for a month and cut out other smokes, you will not only have had the best month of smoking you have ever had in your life, but you will have made a mighty big saving in your pocket-money!

SO DECEPTIVE.

Many Alexandria People Fail to Realize the Seriousness.

Backache is so deceptive.

It comes and goes—keeps you guessing.

Learn the cause—then cure it.

Possibly it's weak kidneys.

That's why Doan's Kidney Pills are so effective.

They're especially for weak or disordered kidneys.

Here's an Alexandria case.

Mrs. W. J. Whalen, 1103 Prince street, Alexandria, says: "Doan's Kidney Pills cured me of a constant pain in the small of my back. After I took them, my health was better and I had no more dizzy spells or headaches. I willingly confirm the statement I gave for Doan's Kidney Pills some time ago. I never let an opportunity pass to recommend this remedy."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Whalen had. Foster-Milburn Co., Props., Buffalo, N. Y.

—for 15 years—

The Standard Skin Remedy

Instant Relief for all Skin Troubles

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers' guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

The British cruiser Glasgow and the transport Otranto escaped after the naval engagement with the Germans off the Chilean coast Sunday. Wireless messages from the Glasgow, calling for the British cruiser Good Hope, were intercepted by German warships. The Good Hope did not reply. It is believed that the Good Hope and the British cruiser Monmouth, with their entire crews, were lost. The whereabouts of the German cruisers Leipzig and Bremen are not known.

The Alexandria Egypt, correspondent of the London Exchange Telegraph Company sends the following dispatch: "A German officer named Mors was arrested by the Egyptian police on his return from Turkey with plans for dynamiting the Suez Canal. He was sentenced by court-martial to imprisonment for life

The Paris Temps has received a dispatch from Beirut, Syria, stating that American marines have been landed there for the protection of American people and American interest. Only the intercession of the American consul enabled the British consul and other officials to leave Beirut, Syria. On board were the French and British consuls and other officials The Turks prevented the Russian vice consul from departing. The American cruiser North Carolina is still at Beirut and her presence has exercised asalutary influence.

A sudden stiffening of the attitude of the United States with respects to Mexico was evident in El Paso, Texas, last night, when it became known that all army officers and enlisted men on leave have received orders from the War Department to rejoin their commands along the Mexican border and at Vera Cruz. The Unites States has 22,600 troops on the Mexican border, 3,800 at Vera Cruz, and 1,500 at Panama available for immediate service.

It was announced officially in Tokio yesterday that owing to the heavy losses suffered by the Germans in the forts at Tsingtau, they have ceased their sortier. The Anglo-Japanese forces are drawing in steadily, and the bombardment of the German works from both land and sea continues.

TO PROTECT HOLY PLACES.

British Make Pledge Concerning the Arabian Shrines.

London, Nov. 6—The London Official Press Bureau publishes the text of a proclamation circulated in India pledging the British government not to molest the holy places in Arabia. The proclamation points out that no question of a religious character is involved by the war.

The holy places and shrines in Arabia, including Besapotamia and Jiddah, will be immune from attack or molestation by British naval and military forces so long as there is no interference with the pilgrims from India. The Government of France and Russia have given similar assurances.

PATHETIC INCIDENT.

Last of Family Killed in Great War.

London, Nov. 6—In her house of general mourning, Germany has scarcely one home untouched by war. One instance has to do with a family named Von Kenig, the father of which is a retired colonel.

At the outbreak of the war he had five sons in the army. Immediately two younger sons joined the colors. In the first advance into France, three sons were killed, and the fourth was shot on the East Prussian frontier.

The mother is little better than insane, and the father, a stern old Spartan, at last could stand it no longer. He obtained an audience with the kaiser and told his story, praying that the last of the five might be spared.

The kaiser was much moved by the story and ordered a message sent to the division to which the young man was attached, directing that he be sent to interior duty, away from the front. The old man, deeply touched sought to thank the emperor.

"No," said the kaiser, "it is I and your country who must thank you for the terrible sacrifice you have made. You have done nobly, but at a great price."

The colonel then went to the place where his boy was stationed. He was met by the commanding general, and asked if the kaiser's command had been received.

"Yes," said the general, "I received command, but before I could transmit the order the boy received another command. He was killed ten minutes before the message arrived."

said one of the greatest thinkers this country ever produced.

Says the Judge:

"My brain grasps the points of a case more easily when I'm chewing PICNIC TWIST. I suppose it's because of the gentle stimulation that PICNIC TWIST gives without the after effects of "strong" tobacco.

"Have you ever noticed how many great jurists chew? Well, there's nothing better to oil the wheels of justice than PICNIC TWIST."

Have you ever wished for a tobacco that you could *keep on* chewing without feeling that you were *over-chewing?*

For a long time you've really been looking for PICNIC TWIST, with its lasting sweet taste, and true tobacco satisfaction with no "come-back."

Compare PICNIC TWIST in taste, looks, convenience or any other way, with any dark "heavy" tobacco. Then you'll know the advantage of chewing the light, mild, mellow part of the leaf, the only kind that goes into PICNIC TWIST.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied **according to directions** given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

POCKET WIRELESS PLANT

Milan, Nov. 5.—Prof. Domencio Argentieri, the Abuzzi priest has demonstrated his pocket wireless telegraphy apparatus capable of receiving messages from highpower stations at even a distance of 1,250 miles.

At the British embassy in Rome, in the presence of a large gathering of public men and scientific experts, including Sir Rennell Rodd, he gave a series of astonishing experiments. A simple switch attached by an ordinary domestic electrocord to his pocket apparatus was what he used for interrupting wireless communications transmitted by the London foreign office. He also picked up others from Paris and from war vessels out at sea Some of the messages were in cypher and their accuracy has been rigidily verified.

DIES FROM BRUISE ON FOOT.

Baltimore, Nov. 6.—Stepping on a walnut in the yard of her home 18 days ago, Mrs. Charlotte A. Burkhardt 69 years old, bruised her foot and later developed gangrene, from which she died yesterday afternoon. Although she suffered considerable pain, Mrs. Burkhardt managed to walk back to the house after the accident. As the pain wore off she forgot about the incident until a few days later, when the foot began to swell.

GERMANS LEAVING ANTWERP

Amsterdam, Nov. 6—A sudden movement indicating a hurried departure by the Germans from Antwerp began last night and continued througohut today. All the wounded in the hospitals were removed in the night and the long trains going east also carried heaps of baggage of German officers.

The central station in which all the documents belonging to the military governor had been packed up, has been hastily reopened for official traffic.

It is reported that Acting Belgian Burgomaster Franck and Burgomaster de Vos have been taken as hostages.

In Antwerp all Belgians between the ages of eighteen and thirty have been arrested and soldiers with fixed bayonets placed to guard them. About one hundred were taken to the Merxen station.

Firing was heard at Rosendael this morning. This is regarded as very strange.

Son's Shots May Kill Her.

Port Kennedy, Pa., Nov. 6.—When Joseph Marhegrano returned from his work at the asbestos plant, yesterday, and found his wife engaged in a quarrel with his mother and his brother, he fired three shots, wounding his mother in the head, so that she may die. He then fled, but was captured.

He claims that his people have been quarreling with his wife for weeks and that he did the shooting to protect his wife, who was arrested on the charge of mayhem, it being alleged that she bit her mother in law on the neck.

Check the Symptoms, of Lung Trouble

One of the many reasons why Lung Trouble is so difficult to fight is because the disease is often of a very flattering nature. The patient may look well, but in reality is fast losing strength by continued night sweats, fever and cough. These symptoms should be checked as quickly as possible. Eckman's Alterative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case:—

305 W. 36th St., New York.

"Gentlemen: I am writing you this testimonial that others may know what your Alterative has done for me. Since I was a very young woman I was a sufferer from Bronchitis. I tried doctor after doctor, getting little or no benefit. Finally I had night sweats, weak spells and lost rapidly in weight and my doctor told me if they were not checked I would have Lung Trouble. Miss Mary Korhamer, who is a friend of mine, recovered after taking your Alterative and insisted that I try it. I am now, after two years, perfectly well, strong and healthy."

(Affidavit) MRS. ROSA VOELPEL.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds, and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

REFUSES REQUISITION

Pennsylvania Authorities Seek to Extradite Jean La Motte on Charge of Theft.

Richmond Va. Nov. 6— Governor Stuart yesterday afternoon refused to honor the requisition of the Governor of Pennsylvania in the case of Jean La Motte arrested in Roanoke two weeks ago on the charge of stealing a ring valued at $150, the property of an Allentown, Pa., woman, the complainant.

The Governor however, decided to hold the matter in abeyance, as a courtesy to the Pennsylvaniia authorities and in order to give Assistance District Attorney Herbert M. Buchanan, of County, who brought th requisition papers to Richmond an oppertunity to produce new evidence.

La Motte, who is a real estate dealer in Roanoke, formerly resided in Allentown, Pa. He came to Richmond to fight the extradition proceedings, accompanied by his counsel, Randolph Henry, a Roanoke lawyer. La Motte declared that he was the victim of an attempt to collect from him more than the actual value of a diamond ring given to him by Cora Nonnemarcher, an Allentown woman, to whom he had paid social attentions. He explained that the ring was given to him by the woman for the purpose of securing funds.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today.* Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.
